We would like you to carefully examine the following breakdown of minimum costs for living and educational expenses at UCI. Our academic year consists of three quarters (nine months). The total amount needed for a NINE MONTH period for a single student will be approximately \$37,755 for the 2006-2007 academic year. This is broken down as follows:

- \$ 24,755 for tuition/fees for three quarters
- \$ 13,000 (approximately) for cost of living expenses which include, but are not limited to food, rent, laundry, local transportation, books and supplies

In addition to your tuition and fee payment, upon arrival at UCI, you will need at least \$4,000.00 for initial meet required expenses. In particular, tuition and fees must be paid in full at the beginning of each quarter. You may, however, participate in the PACE installment plan which allows you to spread the quarterly fee payment over a three month period. We must also stress that there are very limited opportunities to obtain off-campus employment due to visa restrictions. Similarly, dependents or spouses who have non-immigrant visa status are very rarely permitted to accept employment of any type.
