There are four major shipping service providers in the US:

United States Postal Service (USPS), Federal Express (FedEx), United Parcel Service (UPS), and DHL. Each service provider has its own drop off locations and service centers. In addition, third party companies like Mail Boxes Etc will facilitate the services of more than one provider at a single location. The shipping service centers closest to UCI are listed to the left.

Need to send something to a PO Box address?

If so, you must send it USPS. Other service providers (FedEx, UPS, DHL) will not ship items to PO Box addresses.

FedEx and UPS will not provide services to countries that have trade embargos placed on them by the US government.

If you need to send an item to one of these countries, you must use either USPS or DHL services.
